DETAILED ACTION

Allowable Subject Matter

1. Claims 3-7, 10-13, 16-19 are allowed.

Reasons for allowance are stated in applicant's remarks dated 10/21/2008.

Claims 10-13 are directed towards a computer-readable medium comprising program instructions for enabling functional subject matter of the corresponding method claims, and are supported by the specification in view of the supplemental response from applicant dated 11/25/2008. Applicant submits that computers inherently have storage or memory that is computer readable and further notes that the term "computer readable medium" used in the allowed claims is intended to encompass tangible storage media, not including signals or transmission media. Furthermore, the limitation "computer-readable medium" was originally presented in claim 8 as part of original disclosure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
